

2025 Energy Efficiency Products Program (Rebate)

Your Touchstone Energy® Cooperative 

Energy Star is being used as a benchmark for Tri-State and Y-W Electric incentives in a number of areas in the Energy Efficiency Program.

Space Heating/Cooling

Energy Star Ground Source Heat Pump:

\$700/ton incentive - new installations

\$450/ ton -replacement units

Energy Star Air Source Heat Pumps:

Ductless Systems:

EnergyStar version 6.1 and/or – 7.8 HSPF2

o \$500 for systems equal to or, less than 1.5 tons(18,000 BTUs)

o \$1,500 for systems greater than 1.5 tons (18,000 BTUs)

Ducted Systems:

EnergyStar version 6.1 and/or– 7.8 HSPF2

o \$500 for systems equal to or, less than 1.5 ton(18,000 BTUs)

o \$1,500 for systems greater than 1.5 tons (18,000 BTUs)

o \$500 bonus for dual-fuel; (heat pump combined with propane)

▪ Heat pump required to provide at least 50% of heated area down

to 17 degrees Fahrenheit

Additional rebate of \$100/ton added to Air Source systems (Ducted and Ductless)

Please contact Member Services for additional rebate options on Cold Climate rated systems

*rebate amounts will not exceed 50% of equipment cost

Contact Y-W Electric for more information.

Water Heaters

30-55 gallon minimum storage type only

Standard Warranty:

New or Conversion = \$30

Life Time Warranty:

New or Conversion = \$50

Heat Pump Water Heater

New or Conversion = \$450

Wiring allowance—conversion from gas

to electric: \$50

Commercial Lighting retrofit Rebates

vary, contact Member Services

EV Chargers

Rebates up-to \$250 for level 2

Electric Outdoor Power Equipment

Mowers, Snow Blowers, Bicycles, Chainsaws, Trimmers, Pruners, Leaf Blowers and Pressure Washers. **Contact Member Services for details**

Induction Cooktop/Range

Induction cooktop/range 30" or larger - \$100.00/unit electric to electric replacement, \$350.00 if replacing gas/propane

Clothes Dryer

Energy Star rated clothes dryer = \$60

Energy Star rated hybrid clothes dryer

(ventless) = \$180

Irrigation Electric Motors

Applies to installation of new premium efficiency irrigation motors. **Must not be rewound or moved from another location**

\$14/hp for motors from 10 through 500 hp

\$1.50/hp if motor replaces fossil fuel

Contact Y-W Electric for a motor table of minimum standards.

Variable Speed Drive for Irrigation Retrofit

25 hp = \$1,600 30 hp = \$1,750 40hp = \$2,050

50 hp = \$2,350 60 hp = \$2,650 75hp = \$3,100

100hp = \$3,800 125hp = \$4,600 150hp = \$5,300

200hp and larger = \$6,800
